Experience

User Testing

Frontend Engineer Intern | May 2016 - Sept 2016

I lead user research studies, designed intuitive user interfaces through sketches, low, and high fidelity mockups, and developed a responsive style guide with HTML, CSS, and Angularjs.

Flawless Repairs

Freelance Web Developer | May 2014

I created a brand identity, designed a clean website user interface using Photoshop, and launched a website for Flawless Repairs using HTML, CSS, and Javascript.

Projects

AdsNative Hackathon

User Interface Designer | June 2016

I conducted user research studies to assess customer's response to ad integration into Spotify's platform, defined features and interactions through prototyping using Invision, and won 2nd place.

Education

Capitol Technology University

Computer Science | Aug 2013 - Present

I served as the president of the National Society of Black Engineers (NSBE), treasurer of Student Government Association, and a member of the Student Ambassador program.
